## April 1st

Roots of April fools day are not known to this day, though there are some variations from where it stems. For example, it might be the April 1st on 1698 when many Londoners were tricked into coming to see "the Lions washed." It also might be as early 1381, when Geoffrey Chaucer's The Canterbury Tales were published, in which a depiction of Chauntecleer tricked by a [fox](#) took place on April the 1st. It doesn't really matter where this tradition comes from since it has gained worldwide popularity and gave us a chance to laugh with April fools pranks.

Notable April fools ideas probably come from newscasters and newspapers. BBC (British Broadcasting Corporation) once tricked the whole nation into believing, that spaghetti grows on [trees](#) in Switzerland. Or the trick that Taco Bell played, assuring that they have bought the Liberty Bell, now to be known as Taco Liberty Bell. The best April fools pranks come in good spirits while causing no harm for the receiver (except being shamefully tricked, that is).

### Easter

### Festivity

Easter, also called  
Pascha or Resurrec-  
tion Sunday, is a festi-

val and holiday celebrating the resur-  
rection of Jesus from the dead, de-  
scribed in the New Testament as having  
occurred on the third day of his burial  
after his crucifixion by the Romans at  
Calvary c. 30 AD. It is the culmination of  
the Passion of Jesus, preceded by Lent,  
a forty-day period of fasting, prayer,  
and penance.
