DID YOU KNOW?
When you drink pineapple juice..

 

you help dissolve mucus in the lungs. Pineapple juice is a great cough suppressant, because it contains an enzyme know as bromelain which has strong anti-inflammatory benefits.

where does lightning come from

ALL VIDEOS NEWS IMAGES MAPS

Severe Weather 101 - Lightning

The answer is both. Cloud-to-ground lightning comes from the sky down, but the part you see comes from the ground up. A typical cloud-to-ground flash lowers a path negative electricity (that we cannot see) towards the ground in a series of spurts. Objects on the ground generally have a positive charge.

Gardening

Gardening can be extremely enjoyable for people of all ages and different walks of life. It is amazing for curious children and adults alike to watch seeds in their garden grow and then nurture them into something much larger than the tiny original seedlings. There are many plants that take very little maintenance while others need the utmost attention. All plants though will have a much better chance of surviving and thriving if transplanted correctly into the right soil with appropriate pruning, if necessary.
